## ENVIRONMENTAL POLICY STATEMENT

Parapet Limited is committed to conducting business in an environmentally responsible manner in order to protect our employees, the environment and the communities in which we operate and particularly whilst using cleaning materials.

Achieving this commitment is a primary management objective and the responsibility of all Parapet employees.

### LONG TERM OBJECTIVES

1. To provide the framework around which we can promote an environmentally responsible approach to the provision of our cleaning services whereby a safe and healthy working environment can be developed.
2. To ensure protection of employees, environment and communities from any hazards that result from company activities.
3. To ensure conformance with legal regulations.

### SHORT TERM OBJECTIVES

1. To ensure all waste generated is disposed in an efficient and timely manner.
2. To ensure efficient use of water with minimal losses and encourage water conservation.
3. To conserve and use available energy efficiently.
4. To encourage and enhance flora, fauna and landscape.
5. To promote / encourage use of approved chemicals/ingredients in our business processes.

Accordingly PCS – shall constantly strive to achieve its objectives by:

- Adopting & operating in conformance with applicable government requirements and good management practices while striving for continual improvement in environmental performance.
- Integrating Environmental Aspects into business plans and decisions.
- Training and motivating employees to take personal accountability for environmental commitments.
- Transporting products and disposing of waste in a safe and environmentally acceptable manner.

Parapet Limited has adopted the above principles to promote accountability for environmental performance at all levels of our company. Environmental values shall be pursued with the same intensity that we pursue other business values.

This policy shall be conveyed to all PCS –staff, consultants, and contractors and made available to regulatory agencies, the public, or other interested parties upon request.

Signed: Group Chief Executive  
Officer
